• 40 oz. Vinyl PVC (Black)
• PVC with embedded rip-stop polyester mesh.
• Rubberized material, great for outdoor conditions.
• Not fire retardant

Reinforced Web Border
• 2" seatbelt web hem band
• Color: Grey
• Breaking strain: 10,000 lb

Warning!

- A rupture in a suspended debris tarp could shower the workers below with debris.
- Falling debris can injure or kill.
- Inspect the tarp daily for damage to the panels or straps. Return the tarp to Superchute for appraisal and repair if damaged.
- Not to be used for handling heavy materials such as gravel or concrete – use a chute for those types of material

Working Load Limit: 4,000 lb
