- Equipped with 2 connection cables for slide-to-slide connection
- 2 stairwell leashes to anchor slides to seat posts, guardrail posts or similar

## WARNING LABEL

### **SUPERCHUTE SLIDE**

FOR MOVING MATERIALS ONLY

1. Superchute slides are designed for moving materials such as construction debris, snow, gravel, boxes. Do not use the slide to move people.
2. Secure the slide to structurally adequate anchors before use.
3. Debris could tumble out: Prevent injury by keeping the area below the slide cordoned off and clear of people.

### **WARNING**

- This slide was not designed for use as a playground slide nor as an amusement slide.
- Do not use for sliding children, adults, or animals.
- Severe injury or death could result if this slide is used for moving people.
