SOLUTIONS FOR CONSTRUCTION & INDUSTRY

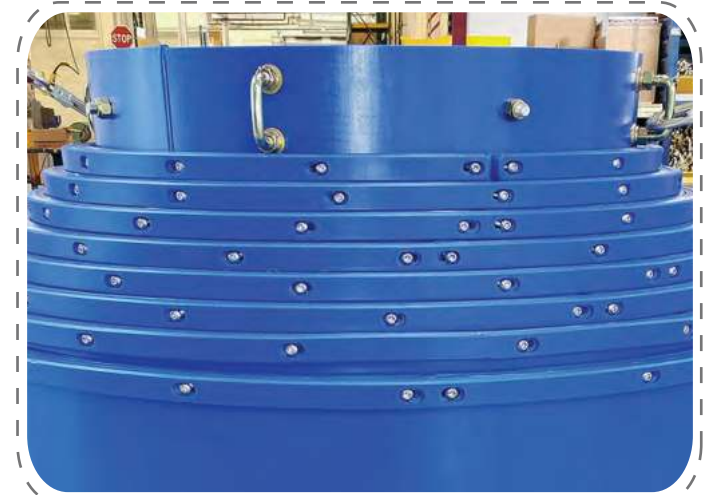

TELESCOPIC CHUTES Dust Control Deployment Systems

Factory Line: 800-363-2488
www.superchute.com

INTERLOCKING CAPTIVE SECTIONS

- The tightest compaction with slim 1" rim collars
- All plastic design
- No chains
- Lightweight
- Suitable for chute drops less than 20 ft (6 m)

Dust Control

Useful for deploying flowable materials such as rock, coal, woodchips, sand, fly ash, fine powders & other materials. As the mound rises, the telescopic chute is retracted with help of winches.

CHAIN LINKED SECTIONS

- Easy to add, remove, or separate sections
- Low profile 2" tall chain brackets
- Strong, durable linking system
- Ideal for both short and tall chutes
- Quick to manufacture

Applications

- Stockpiling ✓
- Loading trucks, railcars & ships ✓
- Use where high clearance is required ✓
- Discharge skirts can be added for additional dust control ✓

CUSTOMIZED RETRACTION WINCHES

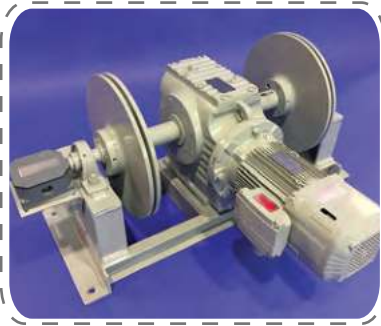

Each winch is designed & manufactured to suit the application.

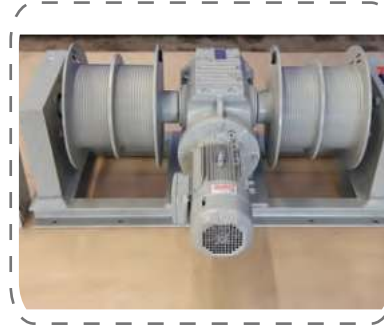

Single Drum Winch

**Dual Drum
Tight Spacing**

**Dual Drum
Wide Spacing**

Multiple Drum
